Forecast For East Midlands
Issued by Met Office Exeter
at 1600 on Monday 15 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning cloudy and wet overnight. Brighter by Tuesday afternoon.

This Evening and Tonight:
A dry but increasingly cloudy start to the evening, with low cloud pushing eastwards. Cloud then sweeping across all parts through the early hours, with outbreaks of rain or drizzle reaching all parts of the region by dawn. Minimum temperature 6 deg C (43 deg F).

Tuesday:
A wet and cloudy start, but rain easing through the morning. Cloud then clearing eastward through the afternoon, with some bright or sunny spells developing later. Mild but turning breezy. Maximum temperature 12 deg C (54 deg F).

Outlook for Wednesday to Friday:
Dry and bright Wednesday, best of any sunshine inland. Early rain Thursday, then bright, breezy but colder. Mainly dry Friday, but breezy at times. Generally mild, cooler in the south.
